PENNSYLVANIA DIVIDEND.

PENNSYLVANIA DIVIDEND.

Two and a Half Per Cent Declared, With No Extra.

Philadelphia, Pa., May 1—The Board of Directors of the Pennsylvania Railroad Company have declared a semiannual dividend of 2½ per cent. The previous dividend was 2½ per cent and ½ per cent extra.

The formal announcement of the directors on the dividend question was given out by the secretary of the company as follows:

"The Board of Directors of the Pennsylvania Railroad Company, at a meeting held this day, declared a semiannual dividend of 3½ per cent upon the capital stock of the company, payable on and after May 31, 1901, to the stockholders registered on the books of the company at the close of business on the 4th of May, 1901."

No further business was transacted at the meeting. The announcement that only the regular dividend of 2½ per cent was declared was a disappointment to those who had expected that the increase of ½ per cent allowed to stockholders six months ago would again be allotted to-day. It was explained by an official of the company that it is customary to consider the question of extra dividends only when the accounts for the year are made up. The Pennsylvania company's fircal year ends with November.

EXPECTANT MOTHERHOOD

I advise every suffering woman to take Wine of Cardul. While I was going with my other children I was compelled to stay in bed for days at a time but this time I have taken Wine of Cardul and Thedford's Black-Draught and have been able to do all my housework without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardul is the best medicine in the world. He takes a dose of Thedford's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardul.

Mrs. GEORGIA LEE.

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under these conditions.

WINE OF CARDUI

will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear for childbirth. Wine of Cardul completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

Alexander Hager's joking attempt to dispose of his wife at suction started a quarrel which landed him in the Workhouse.

The Hager family lives at No. 1310 South Second street. He is a stonemason. When he works he earns 55 cents an hour. Wednesday morning he appeared in the First District Police Court to answer a charge of disturbing the peace. His wife was the chief prosecuting witness. On the witness stand she said: "Tuesday evening he came home drunk, and because I asked him for money to pay the rent he became angry. Declaring I was an expensive luxury, he pulled me to the doorstep and began to auction me off to the highest bidder. "One of our neighbors made a bid of 15 cents. I broke away and ran into the house. A quarrel followed and he beat me."

Judge Sidener imposed a fine of 25 and costs, sufficient to keep Hager in the Workhouse for two months.
